Much interest will be created in musical circles by the announcement that Miss Edith Hatcher, the planist, will make her first appearance before a Richmond audience under the auspices of the Woman's Club on Tuesday evening, April 16th.

Miss Hatcher was formerly a student of Professor Frederick C. Hahr, of this city, and much of her success has been attributed to the careful training that she received from him. She also studied in New York for two terms with Richard Burmeister, who afterwards became the plane director at the Royal Conservatory in Dresden, and was prepared by him for two public recitals in New York. Later she worked with Michael Hambourg in London and Weger-Swayne in Paris. Mr. Swayne has been particularly successful in introducing concert players in Paris, and he gives Miss Hatcher every promise of a brilliant career if she will return to him for her work. Wherever she has played she has received the most favorable criticism.

With the exception of Seelwig's "Lorelet" and a Prelude by Pachulski, the program for April 16th will consist of well-known works from Beethoven, Mendelssohn, Chopin, Schubert and Liszt.

Exquisite Hats Moderately Priced.

Nearly 1,500 New Models Displayed To-Morrow.

There is no "class" price in this millinery store, and no tax on beauty. We never ask an extra figure for a hat that is exceptionally stylish or beautiful. Our millinery is as good as millinery can be, and it is priced as low as it can be. These two facts have made this millinery store the most popular in the city.

The showing at present can be described only by the word "exquisite" to which must be added the word "enormous,"

for surely so many pretty hats were never before seen at one time under one roof. The prices begin at \$5.00 for Trimmed Hats that would

cost you from \$7.50 to \$10 anywhere else. From that the prices run by easy steps up to as high as \$30, which buys imported
